

## **Race Coaching Report - 2017 AGM** **([www.chanonry.org.uk/training.html](http://www.chanonry.org.uk/training.html))**

In addition to the Dolphins sessions reported in the Training Report, the Champs/Race Team programme lead by Richard Evans provided support to a mix of 8 adults and 9 juniors. 75 person sessions were delivered over 13 mornings and the highest attendance was 9.

Six participants are awarded an RYA Start Racing certificate; Marisa Astill-Brown, Helen Young, Morven MacLean, Gregor Fisher, Chrissie Lane and Oliver Bull.

As sailors progress they become more involved in club and national racing and coaching; for example HMS Regional, Scottish and UK. Last year Kyle Cameron made the jump into the RYA Scottish Optimist Squad and this year he has made an even bigger jump into a UK Development Squad for Optimists. Once again he has participated in national Optimist events.

The support of the club's Race Coaches is as always gratefully acknowledged and the input from Jack, Thomas and Magnus is very much appreciated yet again.

Richard Evans  
Lead Race Coach
