

## Sunday Fun Day 27<sup>th</sup> June 12 - 4pm

### **Barbecues**

We will have some barbecues up and running on the west beach (by the dinghy park) for you to cook your barbecue food on if you'd like to! Please bring all your own plates/cutlery, drinks (no alcohol) etc.

### **Parking**

As parking space at the harbour is restricted, please be prepared to drop off and park off site. Please do not park along the sea wall as it prevents access to the drives of the cottages.

### **Covid Advice**

The changing rooms in the club house are open but with extremely limited capacity, and no showers. We would advise where possible folk to come down changed if they plan to go out on the water, and/or plan to change discreetly at their cars using eg dry robes etc. More information on access to the clubhouse is posted on the club house door.

### **General Information**

Club buoyancy aids will be available for use by anyone wishing to participate in any of the water sports.
